**Toagosei Announces the Establishment of the MEDICAL AFFAIRS SECTION to Address
the Growing Medical Care Products Business**

Toagosei Co., Ltd. announced today that it established the new Medical and Pharmaceutical Section within the Quality Assurance Department of the Technology & Production Administrative Division effective March 1, 2023.

Over the years, Toagosei has pursued research and development of pharmaceutical intermediates, such as cellular membrane permeable peptides, and new medical device products, while also manufacturing and marketing Aron Alpha A (Sankyo), a medical adhesive.

In commercializing various products under development and expanding this business globally, Toagosei established the new MEDICAL AFFAIRS SECTION within the Quality Assurance Department seeking to strengthen the departments responsible for quality, manufacturing, safety, and compliance with laws and regulations of Japan and other countries.

Under our sustainability policy, “We take up the challenge to create new value to deliver happiness to future generations,” the Toagosei Group will continue contributing to the development of a sustainable society through product development that benefits peoples’ health going forward.
