Toagosei Co., Ltd

Increase in the Price of Sulfuric Acid

Toagosei Co., Ltd. hereby announces that it has decided to increase the selling price of the following product and has entered into negotiations with its customers.

1. Product Subject to the Increase in Price

Sulfuric acid (oleum, concentrated sulfuric acid and dilute sulfuric acid)

2. Size of the Increase in Price

5 yen per kg or more

3. Timing of the Increase in Price

Products shipped from February 1, 2025

4. Background to the Increase in Price

In addition to the significant increase in costs associated with the renewal and maintenance of equipment, the business environment has become extremely challenging due to rising costs in logistics, driven by the revision of labor time regulations and other factors.

While our company has been striving to reduce costs through production efficiency improvements and logistics rationalization, we have reached the limits of what can be achieved through our own efforts alone.

Therefore, we have determined that it is necessary to revise our product prices in order to ensure the stable supply of products with appropriate quality.
